DII CAMPUS TOUR

About the Department

The Department of Industrial Engineering (DII) of the University of Padua represents a center for research, training and skills in numerous areas of Engineering including **Aerospace, Chemical, Electrical, Energy, Materials and Mechanical Engineering**. The Department's mission is to promote the innovation of industrial engineering and competitiveness through excellence in research and training.

Founded in 2012 by the union of six independent departments, the DII hosts **48 research laboratories** and provides four **First Level degrees**, seven **Second Level degrees**, two **Doctoral programs** and several Master courses.

Currently, the staff of the Department counts more than **100 faculty members**, over 100 research assistants and postdoctoral research fellows, and around 80 technical and administrative officers.
Approximately 50% of revenue derives from **collaborations with industries and research centers**; in addition, numerous **spinoff companies** bear witness to the entrepreneurial ferment of DII.

The Department is represented by **several buildings in the Portello Area**, in Padua, among them are the following:

- Viale Colombo, 5 (Mechanical Engineering Complex)
- Via Venezia, 1 (DII “V” Seat)
- Via Niccolò Tommaseo 59 (Engineering HUB)
- Via Marzolo, 9 (ex “Fisica Tecnica” Complex - DII “M” Seat)
- Via Loredan, 20 (Great Hall “Aula Magna”, Engineering Library)
- Via Belzoni, 7 (Paolotti Complex)
- Via Gradenigo, 6 (DII “G” Seat)

1) First stop: Viale Colombo, 5

The building is called "**Mechanical Engineering Complex**"
("Complesso di Ingegneria Meccanica" in Italian)
Here you can find:

- **Classrooms with letter code "M" (e.g. M1, M2, M9**)
- Classroom **Aula A del polo Meccanico**
- Classroom **Aula B del polo Meccanico**
- Classroom D1
- Department Library
- **Laboratories**: Mechanical workshop laboratory and research labs
- Educational workshop
- **Professors' Offices**
- "E. Bernardi" Museum

Close to here is also the **ESU Canteen "Mensa Piovego"**, where you can go for lunch.

2) Second stop: Via Venezia, 1

The building is called "**DII - Sede V**"

Here you can find:

- **Teaching Secretariat**
- Professors' Offices
- IT Offices
- **Meeting rooms "Sala Riunioni"**
- Sala Consiglio and Sala Seminari

3) Third stop: HUB, via Niccolò Tommaseo 59

The building is called “**HUB**”.

Here you can find:

- **Classrooms with letter code “H” (e.g. H1, H2, H5**)
- Classroom “Aula innovativa”
- Classroom “Taliercio 1” and “Taliercio 2”

4) Third stop: Via Marzolo, 9

A part of the complex is called "**DII - Sede M**". Here you can find:

- **Classrooms RH01, RH02, RH03**
- **Classroom ICH1**
- **Classrooms L, M, N, R,**
- **Professors' Offices** (both in the "Fisica Tecnica" building and under the arch of the "Facoltà di Ingegneria", first door to the left)
- Study room D. Donghi
- Laboratories: Construction materials testing laboratory

5) Fourth stop: Via Loredan, 20

Here you can find:

- **Great Hall "Aula Magna"**
- Professors' Offices
- Central **Library of Engineering**
- Laboratories: Laboratory of hydraulics and hydraulic construction

Other relevant buildings:

- **Paolotti Complex, via Belzoni, 7 / via Luigi Luzzatti, 10**

Here you can find:

- **Classrooms with letter code "P"** (e.g. P2, P100, P300)
- Study room "Pollaio"

- **Via Gradenigo, 6a**

A part of the building is called"**DII - Sede G**"

Here you can find:

- **Classrooms** with letter code "Xx" (e.g. **Ae, Bb, Cc, Fe**)
- **Administrative Offices**

- **Polo Scienze della Terra**

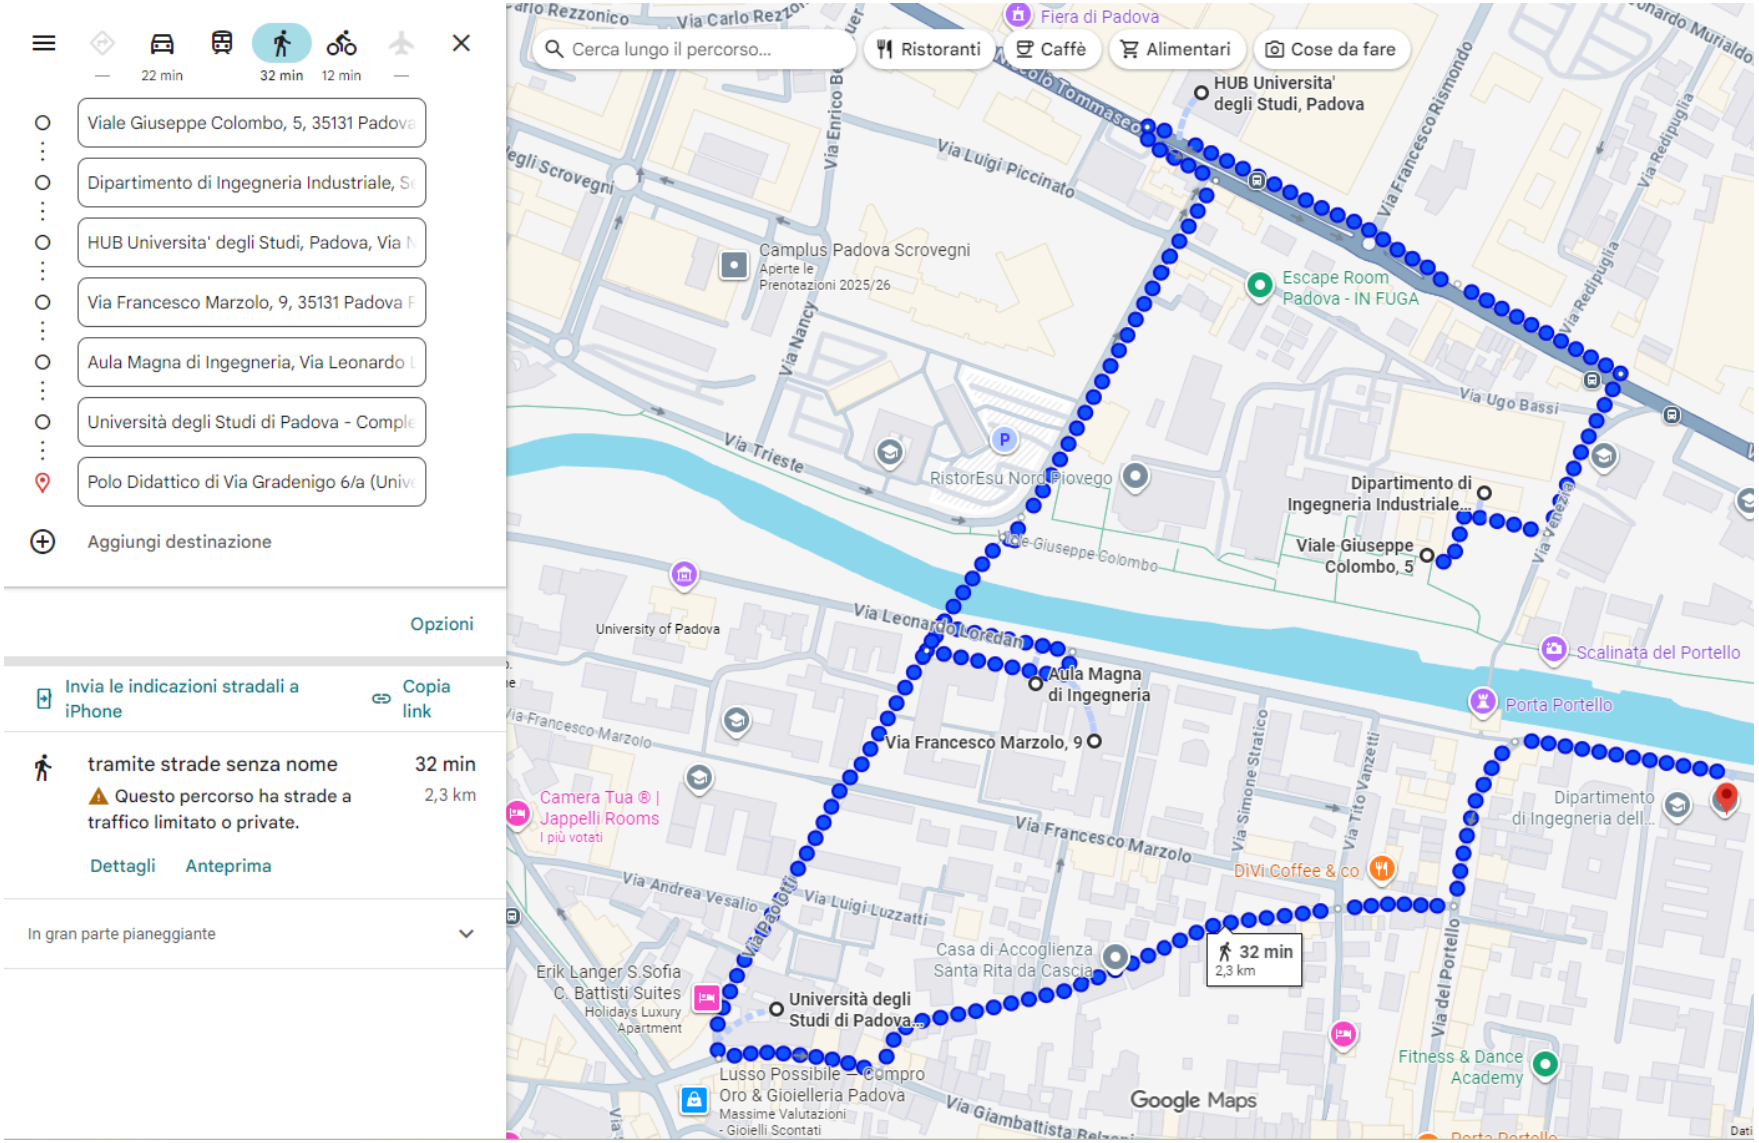

Here you can find:

- **Aula Catullo**

You can also have classes in other buildings in the Portello Area, such as “Vallisneri” and “Ex-Fiat”. **To know where your classes are, you can search your classes on the Agenda Web, then click on the block corresponding to the class: a pop-up window will open with a link to Google Maps.**

You can also check the PDF Attached “Prospetto aule didattiche ingegneria” to find the address (*indirizzo*) of every lecture hall
