General description of TOSMs

DATA PROTECTION BY

DESIGN

the controller shall, both at the time of the determination of the means for processing and at the time of the processing itself, implement appropriate technical and organisational measures, such as pseudonymisation, which are designed to implement data-protection principles, such as data minimisation, in an effective manner and to integrate the necessary safeguards into the processing in order to meet the requirements of the GDPR and protect the rights of data subjects

DEFAULT

The controller shall implement appropriate technical and organisational measures for ensuring that, by default, only personal data which are necessary for each specific purpose of the processing are processed. That obligation applies to the amount of personal data collected, the extent of their processing, the period of their storage and their accessibility. In particular, such measures shall ensure that by default personal data are not made accessible without the individual's intervention to an indefinite number of natural persons

GDPR | DATA PROTECTION OFFICER

Person who advises on compliance with data protection rules in organisations undertaking data processing

Voluntarily appointed by controllers, unless:

- a public authority or body carries out the processing
- the controller's or processor's core activities consist of processing operations requiring the regular and systematic monitoring of data subjects on a large scale
- the core activities consist of large-scale processing of special categories of data or personal data relating to criminal convictions and offences

GDPR | SUPERVISORY AUTHORITIES

Independent public authority which is established by each Member State pursuant to Article 51

- data subjects' complaints
- be responsible for monitoring the application of the GDPR, in order to protect the fundamental rights and freedoms of natural persons in relation to processing and to facilitate the free flow of personal data within the Union
- contribute to the consistent application of the GDPR throughout the Union and collaboration with the EU Commission
