Internships @ Data Science University of Padova

a Quick Guide

by tomaso.erseghe@unipd.it
a period of work orientation and training that does not take the form of an employment relationship

an activity that is coherent with the master’s degree program (e.g., dealing with statistical data analysis, machine learning, big data processing)
to develop **new skills**

to come into contact with the daily working environment

to apply the lessons learned to a practical problem

to strengthen your curriculum
typically (not compulsory)

2nd semester 2nd year
3 to 6 months (15 ECTS credits = 375 hours)

possibly combined with the master’s degree thesis
(15 + 15 = 30 ECTS credits = 1 semester)

PS: in case of a joint thesis + internship, the internship will only include the most applicative part, e.g., data collection, programming, test cases, etc.
in Italy or abroad
in a company, a research center, or a university lab

through one of our contacts or by your own contact

Students meet companies
Nov 30, 2022
1. Find a company/research center *(receiving organization)* and identify your *tutor* there
2. Find an *academic supervisor* *(faculty)* who will monitor your internship and sign documents 😊
3. Submit a *training project* before the internship starts
4. Have your *15 credits* approved once the internship is over (or after 3 months for long internships)
