WHO ARE INCELS?

the word it self is an abbreviation of "involuntary celibate".
it is an ideology characterized by public displays of sexual and/or romantic frustration.
accompanied by hatred, misogyny, misanthropy, self-pity and racism.

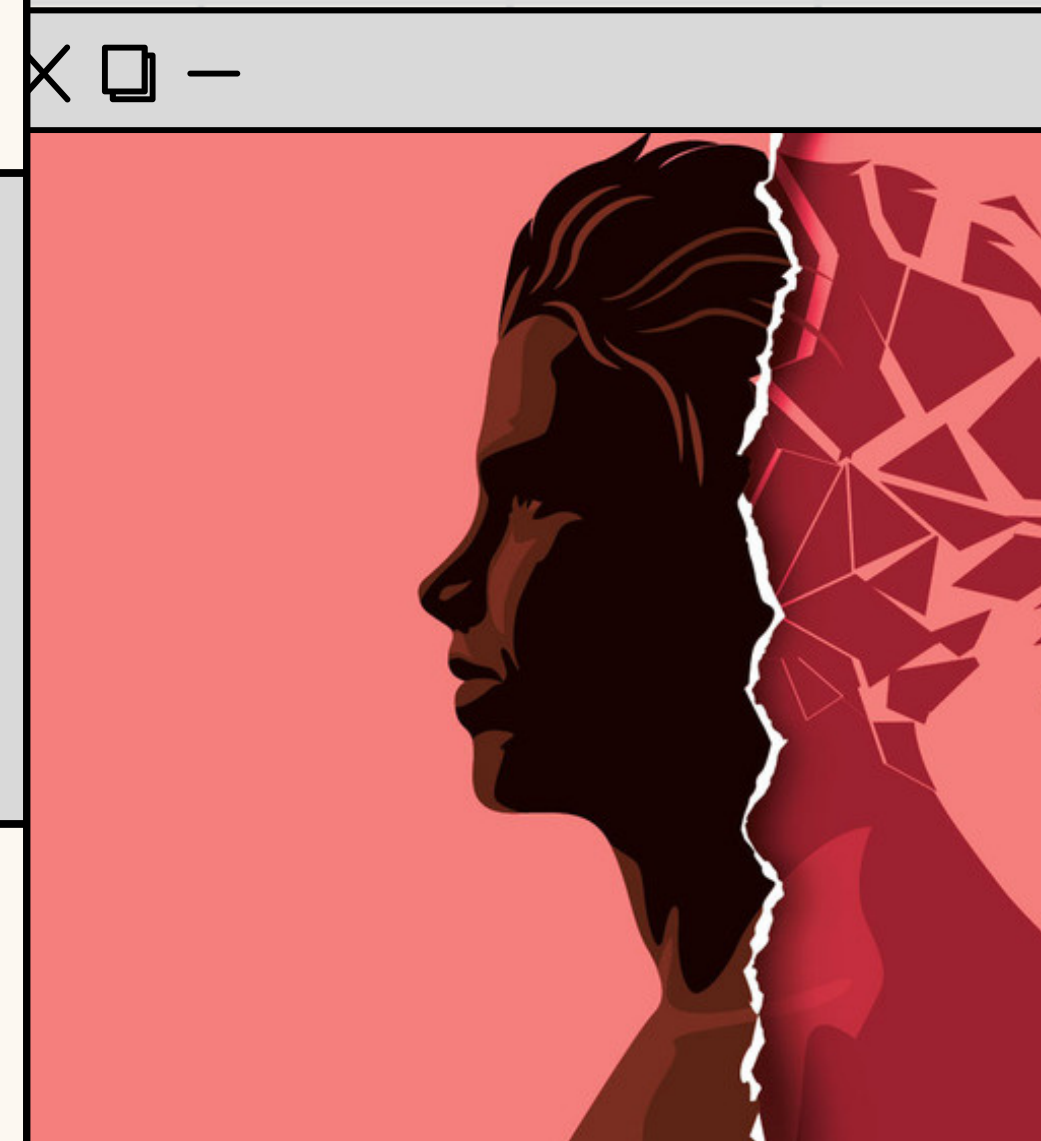

RESEARCH QUESTION

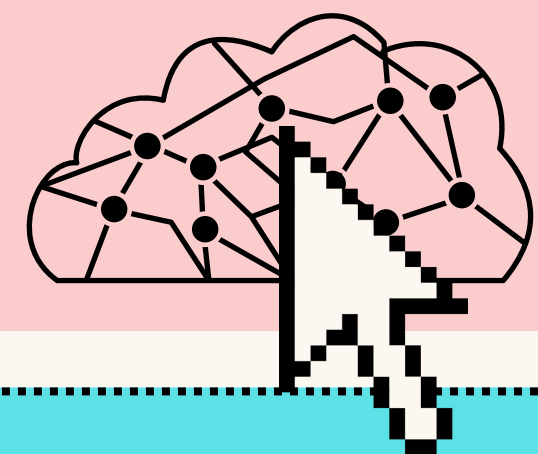

HOW LIKELY ARE INCELS TO BE AFFILIATED WITH ALT-RIGHT GROUPS

WHAT GROUPS ARE THEY MOST LIKELY TO BE AFFILIATED WITH IN COMPARISON WITH A GROUP OF MEN WITH INFERTILITY PROBLEM

THEORETICAL GROUNDING

We chose this question to understand the threat of incels; how involved they are be/may become in alt-right violence and to highlight the relation between misogynist terrorism and domestic terrorism.

In a first research we have found that there is a strong association between incels and far right groups (Proud Boys in particular).

The network will show affiliations between ideological groups; linking Incels to other alt-right groups (and specific terrorist events) using 4Chan, Reddit, and Youtube.
