2. Master's degree programme overview - slide 11
3. How to fill in the Study Plan - slide 17
 - a. Automatically approved - slide 21
 - b. Proposed - slide 34
4. How to modify the Study Plan - slide 41
5. Support contacts - slide 45

UNIVERSITÀ
DEGLI STUDI
DI PADOVA

What is a Study Plan?

The **Study Plan** is the complete list of educational activities required to graduate. Each degree programme includes a number of educational activities such as exams, laboratories, course units, workshops, internships, thesis or other activities.

Some educational activities are **compulsory**, others are **optional** (choosing between) or **electives** (free choice).

Filling out your Study Plan is **mandatory!**

Please be aware that you **cannot** take an exam if you have not submitted your study plan and/or it has not been approved yet.

The Study Plan is the complete set of educational activities you must carry out in order to earn the **credits (CFU)** required to graduate:

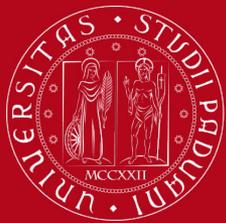

- Master's degree: 120 CFU

Important: when filling in the Study Plan, keep in mind that what you see in your Uniweb profile might depend on the **Curriculum you have chosen**. While filling in the Study Plan, you can select the study track of your choice.

Curriculum = shows on your degree diploma

Study track/profile = does not show on your degree diploma: it serves as a guide for your studies

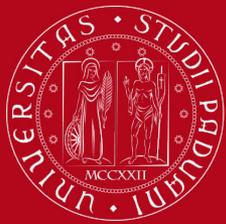

Booklet vs Study Plan

The Booklet can be **richer than the Study Plan** because it contains all the exams foreseen in the study plan but it can **also** contain **extra exams** that do not contribute to the degree credits, GPA and final grade.

An exam can be removed from the Study Plan but can remain in the Booklet.

UNIVERSITÀ
DEGLI STUDI
DI PADOVA

Who needs to submit the Study Plan

All students are required to fill in the study plan. You will fill in the study plan for the first time at the beginning of your student career for both of your academy years of the Master degree. You can then maintain the study plan you have submitted or modify it during your second year of Master's.

Please note that the study plan procedure **opens by mid-November and closes on the 15th of July of the following year.** During this period, you can modify your study plan.

Types of Study Plan: automatically approved

The Study Plan can be:

- **Automatically approved** or
- **Proposed Study Plan - subject to the approval of the Academic Committee**

In the **automatically approved Study Plan**, the elective course units **must be** selected from those recommended by the **Educational Rules of the Study Programme**, i. e. the **elective courses offered by the course programme**.

The list of elective courses is specified in the study plan procedure on Uniweb and in the Annex 3.

The Study Plan, once confirmed by the student, is **automatically approved**.

Study Plan subject to approval

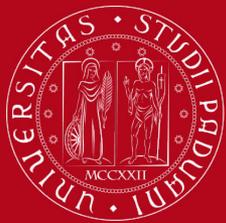

In the **Proposed Study Plan - Study Plan subject to the approval of the Academic Committee** the student has the possibility to insert in the Study Plan course units that are not among those recommended by the Educational Rules of the Study Programme but from the entire [UNIPD catalogue](#).

The Study Plan will be evaluated by the competent **Academic Committee** in order to be approved. The student will receive an automatic notification by email.

Useful tip:  Choose an elective course unit that:

- is taught entirely **in English**
- is **coherent** with your educational path
- **can be chosen** as an elective (check the *Syllabus*)

Where to present the Study Plan

The Study Plan must be filled in and presented via [UNIWEB](#), which is accessed using your University credentials (username and password). Before filling in the Study Plan, you can check the content of the courses in the [Syllabus](#).

Once you **register for graduation**, the study plan cannot be modified anymore. Please make sure that your study plan is **complete and correct** before registering for graduation!

This Master's degree foresees:

69 CFU (credits) compulsory exams, of which:

- 51 CFU in the 1st year
- 18 CFU in the 2nd year

3 CFU English B2 (Production skills)

15 CFU optional exams, depending on the profile chosen by the student: *Sustainable Energy Utilization*, *Sustainable Power Generation* or *Free profile*

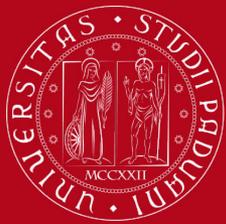

15 CFU elective exams (free choice exams - maximum 2 laboratories)

18 CFU Master's thesis

This master degree foresees **9 compulsory exams** (72 CFUs in total)
7 exams are in the first year, 2 exams are in the second year.

Year	Sem	Subject	CFU	Hours
1	1	Measurements and Instrumentation	9	72
1	1	Applied Energy	9	72
1	1	Energy Systems	9	72
1	2	Combustion	6	48
1	2	Electric Power Systems	9	72
1	2	Heat Transfer and Thermofluid Dynamics	9	72
2	1	Renewable Energy Technologies	9	72
2	1	Energy Economics	9	72
1		English Language B2 (Productive Skills)	3	

Furthermore:

this Master degree foresees **2 exams** (15 CFUs) that can be chosen by each student among a **limited list (restricted choice)**.

This list **depends on the profile** selected by the student:

1. ***Sustainable Energy Utilization***
2. ***Sustainable Power Generation***
3. ***Free profile***

There are **15 CFUs** more that can be chosen freely by the student (**free choice**), although a list of possible subjects is suggested depending on the profile.

Finally, 18 more CFUs are obtained with the **Master's thesis**.

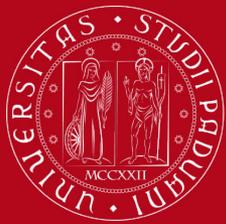

Profile: Sustainable Energy Utilization

Courses for **restricted choice**
15 CFUs *must* be taken among
these subjects

Subject	CFU
Green Power Conversion and Utilization	6
Heating Ventilation Air Conditioning Systems	9
Energy and Buildings	6
Refrigeration and Heat Pump Technology	9

Courses for **free choice**
15 CFUs *can* be taken among
these subjects

Subject	CFU
Advanced Control Systems	6
Cogeneration and Combined Plants	6
Green Power Conversion and Utilization	6
Heating Ventilation Air Conditioning Systems	9
Energy and buildings	6
Refrigeration and Heat Pump Technology	9
Laboratory of Computational Thermo-Fluid Dynamics	3
Laboratory of Energy Audit	3
Laboratorio di Termodinamica Applicata	3

Profile: Sustainable Power Generation

Courses for **restricted choice**
15 CFUs *must* be taken among
these subjects

Subject	CFU
Nuclear Fission and Fusion Plants	9
Cogeneration and Combined Plants	6
Green Power Conversion and Utilization	6
Process technologies for carbon-neutral fuels	6
Wind and Hydraulic Turbines	9

Courses for **free choice**
15 CFUs *can* be taken among
these subjects

Subject	CFU
Advanced Control Systems	6
Green Power Conversion and Utilization	6
Cogeneration and Combined Plants	6
Nuclear Fission and Fusion Plants	9
Process technologies for carbon-neutral fuels	6
Wind and Hydraulic Turbines	9
PV science and technology	6
Laboratorio di Termodinamica Applicata	3
Laboratory of Computational Thermo-Fluid Dynamics	3
Design and optimization of sustainable energy systems	6

Profile: Free

Courses for **restricted choice**
15 CFUs *must* be taken among

How to fill in the Study Plan

- Click on «**New Study Plan**»

» Study plan

Study plan of:

In this page you can complete your study plan when the procedure is open for your degree course. If you have just completed your study plan, please click on “Confirm study plan” at the end of this page. If you have a statutory study plan (completed by the student office), you do not need to submit it to the registrar office. If you are an exchange student or your study plan refers to a Specialisation School (Post Lauream), you do not need to print it nor to send a copy since the relevant office will automatically acquire it.

New study plan

How to fill in the Study Plan

- At this point, you can choose the type of Study Plan: automatically approved (first option) or subject to approval by the **Academic Committee** (second option).
To choose the first option click on '**automatically approved study plan**' and then click on "**OK**"

The guided procedure allows to include educational activities according to the rules established by the Master's Degree Programme Regulation.

How to fill in the Study Plan

You can then follow the rest of the procedure. Do not forget to click on “**CONFIRM STUDY PLAN**” and then on “**FINAL CONFIRMATION**” to finalise the procedure.

✖ = Study plan

Study plan of:

In this page you can complete your study plan when the procedure is open for your degree course. If you have just completed your study plan, please click on “Confirm study plan” at the end of this page. If you have a statutory study plan (completed by the student office), you do not need to submit it to the registrar office. If you are an exchange student or your study plan refers to a Specialisation School (Post Lauream), you do not need to print it nor to send a copy since the relevant office will automatically acquire it.

DI PADOVA

Common doubts

- 1. Is it possible to add to my study plan a course unit held in Italian if I know the language?**
 - Yes, it is possible
- 2. Can I add/move up a second-year course unit to my first-year study plan?**
 - Yes, but it is not recommended
- 3. How can I check the prerequisites of a course unit?**
 - You can refer to the [Syllabus](#)
- 4. What can block my study plan? (fees, residence permit)**
 - Not being in line with your tuition fees for example, please always make sure!
- 5. How many extra plan course units can I add to my booklet? Is there a limit? How are they counted up?**
 - There is no technical limit, but focus on your standard curriculum first
